Adjustable nursery school table h872_11

Table for children aged 2-6, height adjustable. Dimensions: W120 x D60 x h40-60 cm.

The **adjustable table for nursery schools** is the ideal choice for educational institutes, kindergartens and spaces dedicated to children. Designed for children from 2 to 6 years old, the table adapts perfectly to growth thanks to the adjustable feet that allow the height to be varied from 400 to 600 mm. The top is made of 18 mm **particle board** with a white melamine finish, resistant and easy to clean, perfect for daily use. The rounded edges in **apple green PVC** ensure greater safety and reduce the risk of accidents.

The **polypropylene feet** not only protect the floor from scratches but also reduce noise, creating a quiet environment. The table is equipped with adjustable levelers that allow the structure to be stabilized on irregular surfaces, maintaining optimal stability. The product complies with the **UNE-EN 1729-1** standard, specific for school furniture, ensuring quality and safety standards.

The table is supplied **unassembled**, with simple instructions for assembly.

Buy now the adjustable table for schools and offer your little ones a safe and comfortable learning environment! Contact us to receive a custom quote.

Technical features:

- **Top:** 18 mm particle board
- **Surface:** White melamine, easy to clean

FAQ:

1. **Is the table safe for small children?**
   Yes, thanks to the rounded edges and noise-reducing feet, it is designed to ensure maximum safety.
2. **Is it possible to easily adjust the table height?**
   Yes, the adjustable feet allow the height to be adapted from 400 to 600 mm.
3. **Is the table delivered already assembled?**
   No, the table is delivered disassembled, with easy-to-follow instructions.
4. **Does it comply with safety standards?**
   Yes, the table complies with the **UNE-EN 1729-1** standard, specific for school furniture.

Mini buying guide:

When buying a children’s table, it is essential to choose models with adjustable height to adapt to growth and ensure correct posture during learning. Make sure the table has rounded edges for safety and resistant materials such as melamine, which makes cleaning easier. This table is perfect for schools, kindergartens and educational environments thanks to its robustness and versatility.
