

Advertising flag with metal base h738_167

Indoor promotional flag with metal base. Banner dimensions: 68 x 167.9 cm. Total height: 200 cm.

The **rectangular advertising flag H738_167** is an ideal solution for promotional communications in **indoor** or covered environments. Equipped with a **40x40 cm square metal base**, it guarantees **stability and safety** even in high-traffic contexts, such as **trade fairs, showrooms, shopping centers, receptions, and points of sale**.

The flexible structure is made of **fiberglass**, a material known for its **strength and lightness**, with an elegant and professional **black finish**. The advertising banner is printed on **100% nautical polyester (100 g)** using **single-sided sublimation technology**, which ensures **intense, bright, and long-lasting colors** over time.

Printing is included in the order: simply provide the graphics at the time of ordering to proceed with printing. The overall height of the structure is **200 cm**, with a banner measuring **68 x 167.9 cm**, perfect for capturing attention in indoor spaces without being bulky.

This flag is designed for stable and long-lasting indoor use, where it can even exceed **12 months of continuous use** while maintaining excellent visual performance.

Order your customized **indoor flag H738_167** now! Request a quote for multiple orders or different graphics.
