

Advertising totem with base h738_197

h738_197 advertising totem with double silver metal L-base and 19 mm sandwich panel. Panel dimensions: 75.5 x 180 cm. Indoor use.

The **h738_197 advertising totem** is a large-sized self-supporting display stand, ideal for maximizing the visibility of corporate communication in indoor environments. The structure is composed of a **double metal L-base**, characterized by a solid silver powder-coated finish, which guarantees stability and resistance. The central body consists of a **white sandwich panel** with a thickness of **19 mm**, a material selected for its excellent flatness and lightness. The support system covers the lower part of the panel for a height of 250 mm, ensuring a large **visible area of 755x1600 mm** for promotional or informative messaging. Thanks to its essential and modern design, it integrates perfectly into professional and commercial contexts.
