

## AED cabinet for outdoor and indoor use h104309

Technological cabinet h104309 for AED defibrillator for outdoor and indoor use, color White RAL 9010. Dimensions: W 42 x D 21 x H 48 cm. Weight: 7 kg.

The **AED cabinet h104309** is a high-tech security case designed to ensure perfect preservation and immediate traceability of AED devices in both indoor and outdoor environments. Entirely made of **electro-galvanized carbon steel sheet**, the structure is finished with high-resistance polyester powder coating against atmospheric agents and corrosion, in **White RAL 9010** color. The cabinet stands out for the presence of an electronic system with **24-Volt power supply**, which manages an **integrated alarm** module to prevent unauthorized removals and an **automatic internal lighting circuit with a twilight sensor**, which keeps the compartment illuminated and visible even in total darkness. The structure is completed by rounded safety corners, a door with a plexiglass window and rubber gasket on the rebate, and a handle equipped with a small-hole accessory for the application of a disposable seal (plastic or metal), a configuration designed to exclude the use of padlocks and ensure immediate life-saving access.

## Technical features

- **Material:** Electro-galvanized carbon steel sheet
- **Finish:** High-resistance polyester powder coating for atmospheric agents
- **Color:** White RAL 9010
- **External dimensions:** 420 x 210 x 480 (WxDxH) mm
- **Structural weight:** 7 kg
- **Integrated electronics:** System with acoustic alarm and autonomous internal twilight lighting
- **Power supply:** 24 Volts
- **Door configuration:** 1 hinged door with transparent plexiglass window
- **Hinges:** Two sturdy painted zamak hinges
- **Insulation:** Internal rubber gasket on the door rebate
- **Security closure:** Handle with small-hole accessory for emergency seal (prevents the use of rigid padlocks)
- **Mounting setup:** Holes for wall or totem application, floor fixing holes, and back cover for cable passage
- **Visual signaling:** AED identification sticker included
