

Aerial maintenance basket h874_04

Work platform for forklift. Maximum load: 300 kg. Dimensions: W.1230 x D.1040 x H.2000 mm.

The personnel basket for aerial maintenance is ideal for professional use in the industrial sector and for general maintenance operations. The article is characterized by a tubular structure with a work platform with a non-slip surface, suitable for 2 people and equipped with a **safety bar** for entry and exit. The fork attachment is simple and secure, thanks to specific locking devices that prevent slipping.

The work surface is **non-slip** and the **support surface has dimensions of 740 x 1140 mm**.

The trolley is tested according to German DGUV and is therefore provided with **TÜV certification**:

Technical characteristics:

- Tubular structure
- Non-slip work platform
- Maximum load: 300 kg
- Support surface: D.740 x W.1140
- With tool tray
- RAL 2000 painting
- Fork space dimension A: 600 mm (see image)
- Fork space dimension B: 200 mm (see image)
- Fork space dimension C: 80 mm (see image)
- Dimensions: W.1230 x D.1040 x H.2000 mm
- Weight: 78 kg
