

Aggregatable wedge-shaped desk h 76 cm h908_121

Aggregatable wedge-shaped desk for high schools in steel and recycled wood. Dimensions 87.5x70x76 cm, ideal for collaborative 4.0 classrooms.

The **h908_121 aggregatable wedge-shaped desk** is a modular furnishing solution designed specifically for **innovative and collaborative classrooms**. Thanks to its particular geometry, this desk allows for overcoming the rigidity of traditional classrooms, favoring **interactive teaching** and the rapid reconfiguration of spaces for group work or frontal lessons. The structure is designed to withstand intensive use cycles, typical of school environments, ensuring stability and safety.

Attention to sustainability is a central element: the top is made of **100% recycled wood ecological panel**, fully meeting the **MEC (Minimum Environmental Criteria) requirements** for green public procurement. With a height of 76 cm (corresponding to **size 6**), the desk ensures optimal ergonomic comfort for high school students.

Technical features

- **Dimensions:** W. 87.5 x D. 70 x h. 76 cm
- **Standard size:** 6 (indicated for high schools)
- **Type:** Aggregatable wedge-shaped model
- **Supporting structure:** Steel tube legs with diameter Ø 28 mm
- **Worktop:** Ecological panel produced with 100% recycled wood
- **Standard top color:** Light blue
- **Environmental compliance:** Complies with MEC requirements
- **Intended use:** High schools, modular laboratories, School 4.0 projects
