

AISI 304 stainless steel wheeled watertight bin 70L h111_82

AISI 304 stainless steel liquid-tight bin, 70 L, pedal opening, with wheels and lid, for professional kitchens.

Liquid-tight bin specifically designed for environments with a high volume of liquid waste, such as restaurant, bar, and hotel kitchens. The **satin-finished AISI 304 stainless steel** structure guarantees long-lasting hygiene and corrosion resistance, while the **pedal opening** allows for waste disposal without manual contact, reducing the risk of contamination. The **liquid-tight bottom** prevents leaks and keeps the environment clean during storage and transport.

Equipped with a **top lid** to contain odors and protect waste, the bin is also fitted with **wheels** at the base that facilitate movement even when fully loaded, without requiring excessive effort.

Technical features

- Material: satin-finished AISI 304 stainless steel
- Capacity: 70 liters
- Dimensions: Ø 40 x h. 70 cm
- Pedal opening
- Top lid included
- Liquid-tight bottom
- Complete with trolley and wheels
- Made in Italy
