

Alphabet steel bench for urban furniture h330_46

Urban bench with an essential design, made of a single monolithic structure in galvanized and painted steel, with laser cutting. Dimensions: L. 1800 x D. 460 x h. 420 mm.

The **urban furniture bench h333_46** stands out for its contemporary and minimal shape, obtained from a **single 6 mm thick steel plate, bent and laser-cut** to create a sturdy, elegant and visually light seat.

It is a perfect solution for **modern urban furniture**, where the attention to design and resistance merge into a single proposal. The **galvanizing and painting** treatment makes it suitable for continuous use in outdoor environments, even in unfavorable weather conditions.

At the base of the structure there are **4 holes with a diameter of 14 mm** for fixing to the ground, so as to guarantee maximum stability and safety even in high-traffic contexts.

Available in **different RAL colors**, it easily adapts to any urban regeneration project or collective space.

An iconic bench that combines **function, aesthetics and durability**.

Make your public spaces more modern with the **h333_46 bench**, a solid and design choice for any urban context. **Buy it now or contact us for information!**

User benefits:

- **Monolithic structure:** unique design and maximum sturdiness.
- **Precise laser cutting:** clean edges and modern shaping.
- **Resistance to atmospheric agents:** thanks to professional galvanizing and painting.
- **Safe installation:** set up for stable anchoring.
- **Aesthetic versatility:** available in different finishes to suit various urban contexts.

FAQ:

- 1. Is the bench suitable for marine environments?**
Yes, thanks to galvanizing and painting, it is protected from corrosion, even in coastal areas.
- 2. Is it comfortable even without a backrest?**
Yes, the seat has an ergonomic height that ensures comfort even in the absence of a backrest.
- 3. Is the structure self-supporting?**
The bench is autonomous in shape, but fixing through the existing holes is always recommended.

4. **Can it be used in private contexts?**

Certainly, the essential design makes it suitable for courtyards, private gardens or corporate spaces.

5. **What is the special feature of the bench design?**

The design is distinguished by the presence of laser-cut alphabet letters, which give an original and creative touch, making the bench not only functional but also a decorative element with a strong visual impact.

Mini buying guide:
