

Aluminum crate hand truck h661_05

Aluminum hand truck with solid rubber wheels and folding plate. 100 kg load capacity, lightweight and compact for logistics and retail.

The **aluminum hand truck** is a professional solution designed for manual handling of light and medium loads in dynamic environments. The aluminum structure ensures an excellent strength-to-weight ratio, facilitating loading and unloading operations without straining the operator. Thanks to the **folding plate**, the device allows for critical space optimization, reducing volumetric bulk when not in use or during transport on commercial vehicles.

Technical specifications

- **Material:** high-strength aluminum
- **Wheels:** 2 solid rubber wheels, diameter 150 mm
- **Maximum load capacity:** 100 kg
- **Plate dimensions:** 350x240 mm
- **Trolley weight:** 5.80 kg
- **Open dimensions (WxDxH):** 390x410x1110 mm
- **Folded dimensions (WxDxH):** 390x190x735 mm
