

Aluminum crate hand truck h661_09

Manual aluminum hand truck with pneumatic wheels, 200 kg capacity and dimensions 540x470x1110 mm. Lightweight and resistant for all types of flooring.

This **hand truck** is designed to optimize goods handling operations in professional and industrial contexts. The entire **aluminum** structure ensures an excellent ratio between its own weight and load capacity, reducing operator fatigue during prolonged use. The **pneumatic wheels** allow for easy overcoming of small height differences and use on uneven surfaces, cushioning shocks and protecting the load.

Technical features

- **Material:** High-resistance aluminum
- **Handles:** Non-slip grips with safety handguards
- **Loading plate dimensions:** 340 x 205 mm
- **Maximum capacity:** 200 kg
- **Unladen weight:** 6.50 kg
- **Total dimensions:** W 540 x D 470 x H 1110 mm
- **Wheel type:** High-absorption pneumatic
