

Anesthesia trolley for operating room h44601

Trolley for hospital instruments and anesthesia, consisting of 4 drawers and worktop. Dimensions: 800 x 580 x H 990 mm

Trolley ideal for placement within hospital operating rooms, or inside clinics and surgeries.

The product allows for the **storage** of anesthesia and instruments needed for various medical-hospital activities in an organized and practical manner.

The trolley consists of **three drawers** that are fully **removable** and have internal dimensions of 570x395xh92 mm.

A **fourth removable drawer** features a **height of 250 mm** and internal dimensions: 570x395xh220 mm.

The **greyish-white** trolley also features an **ABS plastic work surface** with a **raised edge** on four sides and a **stainless steel** insert.

The presence of the **worktop** makes the trolley even more functional.

The product is moved using a push **handle** and **4 wheels** with a **diameter of 125 mm**, **2** of which have a **brake**.
