

## Armchair for barracks relaxation area h1038\_14

Relaxation armchair h1038\_14 in high-resistance synthetic leather. Wraparound shapes, wooden structure and compact design for barracks and offices.

The **barracks relaxation area armchair h1038\_14** is a professional seat designed to offer maximum comfort in limited spaces. Characterized by **wraparound shapes** and a compact line, this armchair perfectly adapts to every furnishing need, ensuring ergonomic support thanks to the **polyurethane resin** padding. The solid **internal wooden structure** ensures the stability necessary for intense collective use, while the technical synthetic leather upholstery solves the operational problem of durability in high-traffic environments. It is the ideal solution for styling and functioning relaxation areas, executive offices, and medical waiting rooms, offering a modern aesthetic and high-level technical performance.
