

Wall-mounted outdoor ashtray h14053

Ashtray for street furniture **with wall mounting** for outdoor use. **Italian product.**

Ashtray for street furniture with **wall mounting** for outdoor use. Italian product.

Structure:

- box section made of 12 / 10 thick galvanized sheet metal prepared for wall mounting through holes located on the rear face;
- 12 / 10 thick galvanized sheet metal panel with a central hole of $\varnothing$ 70 mm equipped with an internal micro-perforated sheet for extinguishing cigarette butts; circular holes of $\varnothing$ 14 mm, positioned in a checkerboard pattern on the sides, to allow the insertion of extinguished butts;
- internal container in 12 / 10 thick galvanized sheet metal with a shaped front panel that gives the entire structure a soft and modern line. In order to allow the removal of cigarette butts by gravity without ever coming into direct contact with them, the container is hinged to the structure.

The container is equipped with a lock with a key (unique coding). Emptying:

- key opening and front tilting

Anti-corrosive treatments and finishing

- **Pre-treatment:** before being painted, the product is pre-treated by spray washing with special degreasing liquids. After washing, the product to be painted is dried for 15 minutes in a drying kiln.
- **Anti-corrosive treatment:** in order to provide suitable protection against atmospheric agents, the product is subjected to a first painting cycle using a thermosetting anti-corrosive powder primer based on epoxy resins with special pigments.
- **Painting:** the product is subjected to a final painting cycle with thermosetting powder based on polyester resins in "gunmetal" and "brilliant aluminum" (container) colors. Painting is performed with electrostatic spray equipment, which allows the powder to deposit uniformly on the pieces, forming a minimum thickness of 60 microns.
- **Final baking:** the painted product is subjected to a final oven baking lasting 20 minutes at a temperature of 160°.

Fixing:

- structure equipped with holes for wall mounting using screws and expansion plugs.

Dimensions:

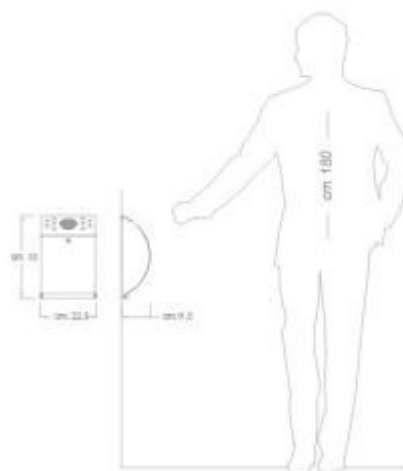

- width 22 cm;
- height 33 cm;
- depth 11.5 cm;

- internal container 19.5 x 9 x 19 H cm;
- weight 3.5 kg.
