

Baby changing station h43102

Wall-mounted baby changing station for use in public restrooms. Grey color. Dimensions: 850x510x80 mm

The **baby changing station h43102** is an excellent technical solution designed for furnishing restrooms in public facilities, restaurants, hotels, and shopping centers. Made of **high-quality polyethylene**, this model addresses the need for a practical and quick changing area in collective spaces, while ensuring a modern aesthetic thanks to its versatile grey coloring. The structure is characterized by an extraordinary load capacity, with a **tested capacity of approximately 60 kg**, offering safety standards above the average. The design is engineered to minimize space: with a thickness of only 80 mm when closed, the changing table integrates perfectly even in smaller environments, ensuring maximum functionality without obstructing the passage.

Technical features

- **Type:** Wall-mounted space-saving changing table
- **Material:** High-resistance polyethylene
- **Color:** Grey (versatile finish)
- **Maximum capacity:** Approximately 60 kg (reinforced structure)
- **Dimensions:** W 850 x D 510 x H 80 mm
- **Net weight:** 6.9 kg
- **Mechanism:** Fold-away closure
- **Installation:** Wall mounting
