

Baby scale for midwives h585_13

Baby and child scale. Capacity: 6/15 kg. Graduation: 0.002 kg/0.005 kg

Baby scale ideal for use by midwives and pediatricians. Safe, hygienic and professional. Equipped with **LCD display** for quick and easy reading of values, **ABS weighing surface**, base with **non-slip feet**. Complete with **differential function** for calculating the weight gain after feeding and **Hold function**, through which a weighing value is calculated and frozen by determining an average value, so that the weighing value can be read at leisure. With **battery operation** (battery included) for mobile use and without the need for a power supply connection. It is strongly recommended to also purchase the **verification (see optional)**. In addition, the following accessories are available among the options: height rod (optional 1), foot/headrest to be fixed to the tray (optional 2), carrying bag (optional 3).

Technical features:

- Total dimensions: W60 x D40.7 x H12 cm
- Support surface dimensions: W60 x D28 x H5.5 cm
- Capacity: 6/15 kg
- Graduation: 0.003 kg/0.005 kg
- Net weight approx.: 5.5 kg
- LCD display, digit height 25 mm
- Battery operation 6x1.5 V AA, autonomy up to 20 h (battery included)
- **Declaration of conformity with EU directives**
- **CE marking**
- Optional: Class III verification (preparation time +3 days)
- Optional 1: mechanical height rod to be fixed to the scale, measuring range 80 cm, graduation 1 mm
- Optional 2: foot/headrest to be fixed to the tray to ensure even greater safety when weighing small children
- Optional 3: carrying bag for mobile use, only for models without height rod

Upon request and following a quote, the following accessories are also available: hard protective cover for the indicator device, 5-piece supply; pack of 80 alcohol-free wipes for disinfecting the scale;
