

Urban furniture metal notice board with wall anchoring h140208

Notice board for postings with wall anchoring. Display area dimensions: width 146 cm - height 7 cm

This structure, which serves as an information/display support, is suitable for all urban environments. Made in Italy product. The standard finish of this product is gunmetal, characterized by a dark grey color with a metallic effect, but it is possible to choose the product in other finishes such as iron grey, brilliant aluminium, etc., as shown in the attached image. It is possible to insert a high-resistance printed PVC sticker indicating the name of the Municipality, the logo, or any other indications at the Customer's request.

Structure:

- made of 12/10 thick galvanized tubular steel with bevelling on the four corners. The notice board is adorned, at the top and bottom, with decorative elements in galvanized flat iron;
- nameplate (removable), at the top, to apply any name of the Municipality;
- n°2 opening doors, 3+3 thickness. The doors slide on painted aluminium guides and are equipped with a rack lock with key closure;
- posting by means of magnets.

Fixing:

- the notice board is provided with holes for wall fixing by means of screws and expansion bolts;

Technical features:

- Dimensions: W. 150 cm H. 105 cm D. 7.5 cm
- Display area dimensions: width 146 cm - height 76 cm
- Fixing: wall-mounted
- Weight 41 kg
- ISO 9001:2008 Certified
