

Road signage board h140220

Vertical board for road, company, or construction site signage, made of metal. Dim: Height 260 x Width 105 x Depth 6 cm.

For city streets where new buildings or new accommodation facilities, such as hotels or resorts, are frequently built, the **Made in Italy** information board seems to be the right urban furniture element to help you in your search.

With a sober style, it fits into modern outdoor environments leaving free space for the insertion of other urban furniture products.

The notice board is rectangular in shape, made of galvanized sheet metal, supported by two support posts. The base finish for the metal parts of this product is the "gunmetal" color characterized by a dark gray metallic effect color, with the exception of the spaces intended for postings which are not painted. It is still possible to request a different finish, choosing from the RAL colors available on our website.

Structure:

- Support posts:
 - in galvanized steel round tube mm. Ø 89 x 2 (lower part) and mm. Ø 76 x 2 (upper part) with decorative intermediate reduction element. Both support posts are adorned in the upper part with decorative friezes;
 - n° 2 perforated bands for fixing the signs;
 - n° 2 decorative flanges to cover the holes made for ground burial.
- Signs:
 - n° 1 semicircular shape (removable) in the upper part, to put the possible name of the Municipality;
 - n° 5 rectangular shape in galvanized sheet thickness 12 / 10 equipped with holes for fixing on the bands of the support posts.

Finish:

- galvanized and oven-painted support posts in "gunmetal" base color epoxy powder.
- spaces intended for posting not painted

Fixing:

- by extending the support posts into the ground;
- the board is supplied in an assembly kit with stainless steel screws.

Dimensions:

Useful posting space (single sign):

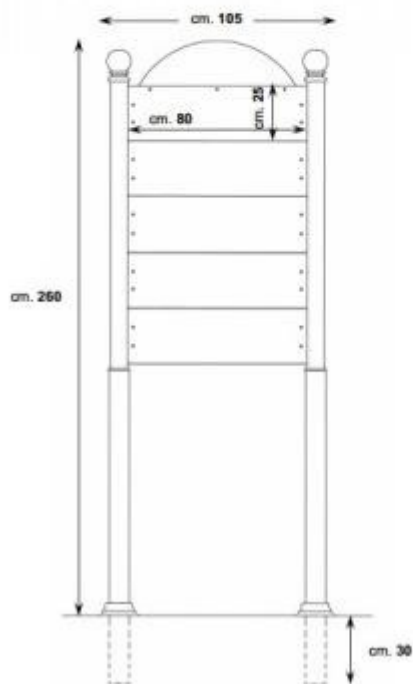

- width 80 cm - height 25 cm.

Board:

- total width 105 cm;
- height above ground 260 cm;
- part to be buried 30 cm;
- weight 44 kg.
