

## Bag holder with colored lid h20\_171

HACCP 110 Lt waste bin, epoxy painted metal frame, wide pedal, two Ø170mm wheels, removable lid, quick assembly.

Bin for professional environments with **top opening via lid** easily removable, designed according to HACCP hygiene standards. Equipped with a **wide front pedal** to ensure operation compliant with food safety regulations. The **bag-holding elastic** keeps the bag securely in place during use, while the **two non-marking plastic wheels** (Ø 170 mm) allow for easy movement without marking floors. Stable and manageable structure with frame and components designed for **simple and quick assembly**, without the need for specialized tools.
