

Bakery tray trolley h099909

Stainless steel bakery trolley for 20 trays (60x40 cm). Vertical structure (51x47x177 cm) with 125 mm wheels, ideal for laboratories and bakeries.

The **professional 20-tier tray trolley** represents the reference standard for logistical organization in high-productivity pastry shops, bakeries, bars, and restaurants. Made entirely of **stainless steel**, this tool solves the problem of mass storage in confined spaces, guaranteeing total corrosion resistance and ease of sanitation essential for compliance with HACCP regulations. The vertical structure is calibrated to accommodate **600 x 400 mm** trays, ensuring impeccable stability even when fully loaded. Thanks to the oversized 125 mm wheels, the trolley allows smooth and effortless movement between preparation zones, ovens, and cooling areas, optimizing the operating times of technical staff.

Technical features

- **Material:** professional stainless steel (rustproof and hygienic)
- **Storage capacity:** 20 tiers for 600 x 400 mm trays
- **Distance between tiers:** 60 mm to maximize vertical capacity
- **Total dimensions:** W. 510 x D. 470 x H. 1770 mm
- **Movement:** 4 high-smoothness multi-directional wheels
- **Wheel diameter:** 125 mm to easily overcome small height differences
- **Structure:** reinforced frame for intensive use
