

Baking tray trolley equipped with wheels h83321

Stainless steel bakery trolley for 16 trays 60x40 cm (47.2x66x170.6 cm). Bakerynorm structure with integrated handle, anti-slip rear support, bumpers and braking wheels. Quick assembly in 10 minutes.

The **professional tray trolley H83321** is the definitive solution for the logistics of bakeries, pastry shops and industrial kitchens using the **Bakerynorm (60x40 cm)** standard. Made entirely of **stainless steel**, this model combines superior structural strength with advanced ergonomics, thanks to the integrated side handle that facilitates maneuvers when fully loaded. With **16 levels** of storage and a center distance of 8.5 cm, it guarantees optimal air circulation for cooling baked products. Each guide is equipped with folded edges and a rear safety support to prevent accidental tray fallout during transport, while the welded and polished joints ensure impeccable sanitation.
