

Basket stretcher for casualty transport h655_08

First aid basket stretcher in ABS. Assembled dimensions: L214.1 x W81.8 x H18.9 cm.

Basket stretcher designed and studied to cope with emergency situations requiring the rescue of casualties in hard-to-reach places. Designed for **the transport of heavy loads** thanks to its robust ABS structure. Easy to transport and space-saving as it is **divisible into two parts** to be assembled at the time of use. Equipped with a **removable mattress**, easy to clean and disinfect, and footrest. A **nylon rope** runs along the entire structure to which the **4 safety straps** included in the supply can be attached.

Technical features:

- Assembled dimensions: L214.1 x W81.8 x H18.9 cm
- Disassembled dimensions: part 1 L109 x W82 x H18.9 cm; part 2 L118.2 x W82 x H18.9 cm
- Capacity: 400 kg
- Material: ABS and aluminum
- Mattress thickness 40 mm
- Footrest
- Nylon rope
- 4 safety straps
- Allen key for assembly and disassembly
- Color: orange
