

Bathroom soap dispenser satin finish h957_51

Wall-mounted soap dispenser in satin AISI 304 stainless steel, 800 ml. Robust and compact, ideal for professional bathrooms in hotels and offices.

The **h957_51 soap dispenser** is a technical solution designed to ensure high standards of hygiene and resistance in high-traffic professional contexts. Made of **AISI 304 stainless steel** with a thickness of 0.8 mm, the device ensures excellent protection against corrosion and impact, making it suitable for hotel bathrooms, offices, restaurants, and hospitality facilities.

Operational management is optimized by the **800 ml capacity**, which reduces the frequency of maintenance interventions. The system provides for rapid top refilling and a **transparent front window** for instant monitoring of the remaining soap level, preventing service disruption for the end user.
