

Beech school chair h908_20

Secondary school chair in beech and steel Ø25 mm, size 6, stackable for the optimization of spaces in intensive educational contexts.

Professional chair designed for the furnishing of secondary school institutes, where structural strength and durability of materials are fundamental requirements. The combination of the **steel frame** and **beech wood** surfaces guarantees ergonomic support and a long useful life even in conditions of prolonged daily use. The functional design allows for the stacking of the seats, facilitating cleaning operations and storage during periods of non-use.

Technical features

- **Seat and backrest material:** Beech wood
- **Supporting structure:** Steel tube with diameter Ø25 mm
- **Configuration:** Stackable model for space optimization
- **Dimensional parameter:** Size 6
- **Overall dimensions:** W. 40 x D. 40 x h. 46 cm
