

Beech wood school chair h908_41

School chair in steel and beech plywood, size 3. 25 mm structure, stackable, dimensions 32x32x35 cm for classrooms and libraries.

The **chair for educational institutions** is designed to offer a durable and functional furnishing solution within classrooms, libraries, and laboratories. Thanks to its essential design and the choice of resistant materials, it responds to the typical stresses of high-frequency environments, while ensuring correct posture during study activities. The structure facilitates space organization thanks to the possibility of stacking.
