

Beech wood school chair height 38 cm h18_43

Beech wood school chair seat height 38 cm. Size 4

School chair with supporting structure made of **tubular steel**. Cold-formed tubular curvature, continuous wire electric welding. Painting of the metal parts made with **non-toxic, scratch-resistant epoxy-polyester powders**, baked in a thermal tunnel at 180°C after degreasing and phosphating treatment designed to avoid slag, abrasions and maximize robustness. Seat and backrest made of anatomical beech plywood with a thickness of 6-7 mm, naturally polished with transparent polyurethane resins. Fixing of the seat and backrest to the structure by means of aluminum expansion rivets. Non-removable and noise-reducing plastic caps on the four uprights. Easily **stackable** chair.

Technical features:

- Seat material: beech wood
- Tubular steel structure
- W.35xD.35
- Seat height 38 cm
- Size 4
- Stackable
