

Bench against eating disorders for public spaces h287_398

Bench for public spaces in RAL 4005 lilac painted steel. Dimensions: W 200 x D 58 x H 82 cm.

The **H287_398 bench** is an element of urban furniture designed to combine **functionality, resistance and social value**. Its **RAL Lilac 4005** coloring, recognized internationally for **awareness against eating disorders**, makes it a **tool for inclusion and awareness**, perfect for public spaces, schools, parks, hospitals, universities or youth centers.

The structure is composed of **3 supports** in **Sendzimir galvanized steel tubular**, with a 30 x 30 mm square section, which guarantees **stability and durability** over time even in difficult weather conditions.

The **seat and backrest** are made of **oval tubular slats** (40 x 20 mm) also in Sendzimir galvanized steel, equipped with **black PE finned head covers**, for a resistant and safe finish.

The bench is treated with a **professional electrostatic powder coating process**, followed by **oven curing at 180-200°C**, which ensures a **non-toxic, uniform coating resistant to scratches and atmospheric agents**.

Supplied with an **assembly kit** and prepared for **flush-to-floor anchoring**, it is easy to install and represents a **concrete choice to improve urban decor with an educational message and support for mental health**.

Choose the **H287_398 bench** to promote more aware and inclusive public spaces. Contact us now for a tailor-made quote for institutions, schools or public supplies.

FAQ:

1. **Where can this bench be installed?**
It is ideal for public parks, schools, school courtyards, universities, youth centers, hospitals and urban green areas.
2. **Does the lilac color have a particular meaning?**
Yes, RAL 4005 lilac is the symbolic color of the fight against eating disorders, used for awareness campaigns and inclusive projects.
3. **Is it resistant to atmospheric agents?**
Absolutely yes, thanks to the galvanizing treatment and powder coating with oven baking.
4. **Is the bench supplied assembled?**
No, it is supplied with an assembly kit that is easy to assemble on site.
5. **How is it anchored to the ground?**
It is designed for flush-to-the-ground anchoring, ensuring stability and safety.

Mini buying guide:

When choosing a bench for public spaces, it is important to consider **durability, safety and social message**. The H287_398 model combines **robust galvanized steel structure, resistant painting, ergonomic design** and a **symbolic color** for awareness.
