

Modern urban furniture bench h14008

Modern style children's bench ideal for schools and playgrounds. Italian production.

Excellent solution for setting up **outdoor play areas**, the bench also shows pleasant **comfort** in the anatomically shaped seat. The supports consist of a silhouette depicting a stylized little elephant, also carved into the backrest of the seat. The use of the **blue color** was deliberately chosen as it is one of the colors often used in environments dedicated to children and, according to communication standards, conveys **calm, tranquility, and trust**.

Structure:

- No. 02 supports consisting of a silhouette depicting a stylized little elephant in 80 / 10 thick galvanized steel sheet; each single support is provided with plates, at the base, in galvanized sheet metal;
- anatomically shaped seat-backrest shell, made of 20 / 10 thick galvanized sheet metal with patterns harmonized with the supports. The shell is equipped with holes for fixing to the supports.

Anti-corrosion treatments and finishing:

- **Pre-treatment:** before being painted, the product is pre-treated by spray washing with special degreasing liquids. After washing, the product to be painted is dried for 15 minutes in a dryer.
- **Anti-corrosion treatment:** in order to provide suitable protection against atmospheric agents, the product is subjected to a first painting cycle using a thermosetting powder anti-corrosive primer based on epoxy resins with special pigments.
- **First curing (anti-corrosive):** the product treated with the anti-corrosive primer is subjected to a first oven baking for 15 minutes at a temperature of 180°. In this phase, the anti-corrosive polymerizes, forming a coating thickness of approximately 60 microns.
- **Painting:** the product is subjected to a final painting cycle with thermosetting powder based on polyester resins. The painting is carried out with electrostatic spray equipment, which allows the powder to settle uniformly on the pieces, forming a minimum thickness of 60 microns.
- **Final curing:** the painted product is subjected to a final oven baking for 20 minutes at a temperature of 160°.

Fixing:

- the supports are equipped with plates provided with holes for anchoring to the ground by means of anchor bolts and expansion plugs;
- the bench is supplied in an assembly kit, with stainless steel screws and assembly instructions.

Dimensions:

- height 77 cm
- length 150 cm
- depth 68 cm
- Weight: 42 Kg
