

Bench supporting the safeguarding of the planet h140_480

Galvanized steel urban bench, 150 cm, 4 seats. Green RAL 6017 color, designed for ground anchoring. Ideal for parks and public spaces.

The **galvanized steel urban bench** is a solution designed for the furnishing of public and private open spaces, combining structural strength and landscape integration. Thanks to the **green RAL 6017** finish, the accessory fits harmoniously into parks, villas, and gardens, offering a robust seat capable of accommodating up to four users at the same time. The structure is designed to solve critical issues related to environmental wear and vandalism in unattended spaces.
