

Bench with backrest and seat in recycled plastic h1022_05

Urban bench in steel and recycled plastic. Customizable structure, eco-friendly seat and backrest, resistant and maintenance-free. Dimensions: L 190 × D 57.6 × H 81.8 mm.

The **bench with backrest h1022_05** is an urban furniture solution designed to maximize comfort in collective spaces and promote prolonged stays in squares and gardens. Characterized by a solid **metallized and painted steel structure**, this seating solves the issues related to the degradation of outdoor furniture thanks to the use of **brown recycled plastic** for the backrest and the seat. The choice of eco-compatible materials not only reduces environmental impact, but also guarantees a surface pleasant to the touch and thermally stable compared to metal or traditional wood. The ergonomic design is studied to encourage the continuous use of public space, offering reliable and lasting support against daily wear and tear and prolonged exposure to atmospheric agents.

Technical features

- **Dimensions:** 1900 x 576 x 818 mm
- **Frame material:** Metallized and painted steel
- **Slat material:** Brown recycled plastic (seat and backrest)
- **Finish:** Painting available in various customizable colors
- **Resistance:** High protection against UV rays, rain, and humidity
