

Bench with backrest for public spaces h287_239

Bench for public spaces with seat and backrest in Nordic pine wood. Dimensions: W.190 x D.64 x H.80 cm.

The bench with backrest is an ideal product for both urban areas and green spaces such as parks, gardens, and nature trails. The bench consists of **2 galvanized round tube supports** with a diameter of 60 mm, while the seat and backrest consist of **6 Nordic pine wood slats** pressure-treated in an autoclave with non-toxic salts. The bench is manufactured using **techniques and methodologies aimed at respecting the environment** and human health, especially thanks to the use of **non-toxic substances**. The bench is also built according to **safety requirements** and UNI 11306:2009 test methods.

Technical features:

- Material: metal and wood
- Supports equipped with plates for ground anchoring
- Seat height: 45 cm
- Dimensions: W.190 x D.64 x H.80 cm
- Anchoring: flush to the ground
- Compliant with UNI 11306:2009 test methods
