

Bench with wooden backrest h287_319

Bench for public spaces in exotic wood. Dimensions cm 190 x 60 x 80 h - seat height 45 cm.

Bench with backrest in walnut-colored exotic wood is ideal for paths and parks surrounded by nature but also for public gardens and urban areas.

It is composed of 3 supports in galvanized flat iron section mm. 50x8 suitably shaped. Seat and backrest are made using autoclaved exotic wood profiles section mm. 120x45x1900 stained walnut color.

The **galvanized steel** supports first undergo a pre-treatment degreasing process of impurities through steam solutions, subsequently dried and subjected to **painting operations** using electrostatic guns that cover the pieces with powder paint in a floury state. Subsequently, the product is subjected to **oven polymerization**, a process that allows the powder to solidify by baking at a temperature of 180/200° C in a hot air circulation oven. The pieces coming out of the oven are **naturally cooled**. The powders used in the painting process are **non-toxic** according to current regulations. Item supplied in an assembly kit.

Technical characteristics:

- Material: steel and exotic wood
- Hardware and bolts: galvanized according to UNI 3740 standard
- Dimensions: cm 190 x 60 x 80 h
- Seat height: 45 cm
- Anchoring: ground level
- Assembly kit included
- Complies with UNI 11306:2009 test methods
