

Benches for urban furniture h287_348

Bench for public spaces in metal with two side planters. Dimensions: L.280 x D.65 x h. 82 cm.

Bench with two planters for urban furniture composed of 4 uprights in galvanized round steel tube, with a decorative sphere element made of hot-forged iron at the top. **Frame** external made of **tubular galvanized steel of various sections** and cross-member equipped with a stamped steel flower. **Bench**, with a length of 150 cm, composed of **square steel tube** supports. **Seat and backrest** made of **oval steel tube slats** section equipped with black PE finned head covers. The galvanized steel parts first undergo a degreasing pre-treatment process for impurities through vapor solutions, then dried and subjected to painting operations using electrostatic guns that coat the pieces with powder paint in a floury state. Subsequently, the product is subjected to **polymerization in an oven**, that is, a process that allows the powder to solidify by baking at a temperature of 180/200° C in a hot air circulation oven. The pieces coming out of the oven are cooled naturally.

Technical characteristics:

- Bench with 2 side planters
- Material: galvanized steel
- Total dimensions: L.280 x D.65 x h. 82 cm
- Seat height 43 cm
- Anchoring: flush with the ground
- Supplied in assembly kit
