

Bidirectional belt stanchion h483_19

Bidirectional belt barrier post available in various colors. Belt length: 2 x 4 m. Post height: 1 m.

The **retractable belt barrier post** is the ideal product for all those places where there is usually a large flow of people, such as airports, stations, shopping malls, and museums. Thanks to the belt delimitation post, it is possible to limit the number of people at the entrance of these facilities to comply with **safety regulations** and **prevent overcrowding**. The product features a **bidirectional belt reaching a total length of 8 meters**. The base has a diameter of approximately 350 mm and a height of 20 mm. It is possible to choose between various colors for both the post and the belt.
