

Big bag holder container h332_15

Electrowelded steel Big Bag holder container (1310x1080 mm). Dismountable structure with 1000 kg capacity, mesh bottom, and anchoring hooks.

The **h332_15 reinforced industrial Big Bag holder container** is a professional solution designed to optimize **support, handling, and storage** operations for 1 cubic meter bags. Made of **electrowelded carbon steel**, this structure ensures superior stability and high mechanical resistance, making it suitable for intensive operational contexts where load safety is a priority.

Modularity is one of the system's strengths: the **removable uprights** allow the structure to be completely disassembled, facilitating shipping operations and reducing volumetric bulk during empty storage. The **palletized base** is configured for direct interfacing with pallet trucks and forklifts, guaranteeing smooth logistics. To prevent bag deformation during the filling phase, the frame integrates **four welded sheet metal bands** on the lower side that act as lateral containment.

Operational safety is guaranteed by **four upper anchoring hooks**, which keep the Big Bag in the correct position. The support surface consists of an **electrowelded steel mesh**, a technical choice that promotes natural ventilation and prevents the accumulation of debris or residues on the bottom.

Technical features

- **Use:** support and handling of 1 m³ Big Bags
- **Structure:** electrowelded carbon steel
- **Assembly:** dismountable with removable uprights
- **Handling:** palletized base for pallet truck and forklift
- **Upper hooks:** 4 anchoring points per bag
- **Support base:** draining electrowelded mesh
- **Lower reinforcements:** 4 welded sheet metal bands for lateral support
- **External dimensions:** 1310 (L) x 1080 (W) x 1340 (H) mm
- **Internal dimensions:** 1060 x 970 mm
- **Empty weight:** 72 kg
- **Maximum load capacity:** 1000 kg
- **Volumetric capacity:** 1 m³
- **Stackability:** complete structures are not stackable
- **Color:** gray
- **Production:** 100% Made in Italy
