

## Bike rack for 2 bikes h972\_152

Galvanized steel rack for 2 bicycles. Dimensions: W 45 x D 41 x H 41.4 cm. Weight: 3.80 kg.

The **H972\_152 bike rack** is a compact and durable rack, designed to accommodate **up to 2 bicycles** in a practical and tidy manner. Made of **galvanized steel**, it is ideal for **outdoor installation** thanks to its high **resistance to corrosion and atmospheric agents**.

Its compact dimensions (W 45 x D 41 x H 41.4 cm) make it perfect for **tight spaces** such as courtyards, apartment buildings, small company parking lots, school or residential areas. The **linear and functional design** allows you to easily park bikes, keeping them stable and well spaced.

With a weight of only 3.80 kg, it is **easy to handle and install**, but at the same time guarantees **good structural stability**. An excellent choice for those looking for an **economical, practical and durable solution** for bicycle parking.

Choose functionality and resistance in a small space: purchase the **H972\_152 bike rack** or request a customized supply for your urban project.
