

Bike rack for public spaces h287_191

Bike rack with concrete supports. Spaces: 7. Dimensions: L230 x D50 x H35 cm.

Bike rack for urban furniture, perfect for creating dedicated bike parking areas. Consisting of a **round steel tube structure**, provided with **white, vibrated concrete side supports** with anti-degradation treatment. Additionally, these supports are decorated with the image of an **engraved bike, painted with non-toxic paints**. The steel undergoes hot-dip galvanization, a treatment that makes the **material resistant to any weather condition**. Painting is carried out using **completely non-toxic powders**, as required by current regulations.

Technical characteristics:

- Dimensions: L230 x D50 x H35 cm
- Material: steel and concrete
- Fixing: removable to the ground
- Spaces: 7
- Assembly kit included
