

Bike rack h287_206

Double-sided vertical bike rack in galvanized steel. Dimensions: 250x70xh.50 cm

Bike rack, composed of a sturdy **galvanized steel tube mm. 80x80** and parking elements in **round galvanized steel tube Ø mm. 25**, fixed at a distance of **10 cm** from each other. Equipped with plates for ground anchoring. The **galvanized steel** parts first undergo a **pre-treatment** process of degreasing impurities through steam solutions, subsequently dried and subjected to **painting** operations using **electrostatic guns** that cover the pieces with **powder paint** in a floury state. Subsequently, the product is subjected to **oven polymerization**, namely, a process that allows the powder to solidify by baking at a temperature of **180/200° C** in a hot air circulation oven. The pieces coming out of the oven are cooled naturally. The powders used in the painting process are non-toxic according to current regulations. Excellent product, with a **simple design** that easily adapts to various furnishing styles.

Technical Features:

- Double-sided
- Galvanized steel material
- Ground-level anchoring
- Non-toxic powder coating according to current regulations
- Dimensions: 250x70xh.50 cm
- Supplied already assembled
- Color: anthracite

*upon quotation it is possible to request the bike rack in different colors

INFORMATION

- **Material** Steel
