

Bike rack with sign and planter h287_275

Bike rack module with Sign and planter.

Module consisting of a **sign** composed of two galvanized steel round tube uprights Ø 76 mm with a **spherical decorative element** at the top, galvanized steel tubular frame section 30 x 30 mm and 15/10 thick galvanized steel sheet. Planter in galvanized steel sheet shaped with laser technology. **Bike rack made of round steel tube** Ø 40 x 1.5 mm and parking elements in round steel tube Ø 25 x 1.5 mm. **Hemispherical side supports made of white travertine-type concrete**. The structure includes wrought iron decorations. Finish: The galvanized steel parts first undergo a degreasing pre-treatment process for impurities through steam solutions, then dried and subjected to painting operations using electrostatic guns that cover the pieces with powder paint in a powder form. Subsequently, the product is subjected to polymerization in an oven, a process that allows the powder to solidify by baking at a temperature of 180/200° C in a hot air circulation oven. The pieces coming out of the oven are cooled naturally. The powders used in the painting process are non-toxic according to current regulations.

Technical features

- Overall dimensions: 220 x 70 x 250 h cm
- Useful space for posting 200 x 100 h cm. Anchoring
- Signboard: to be buried.
- Bike Rack Anchoring: flush with the ground
