

## Black hotel minibar h76\_105

Black 31 L minibar, 0 dB thermoelectric technology for maximum silence. Reversible door, free-standing or built-in installation. Dim. W41.9xD39.7xH54 cm.

The **black hotel minibar H76\_105** represents a technologically advanced solution for accommodation facilities that aim for maximum guest comfort. Thanks to **thermoelectric cooling technology**, this device guarantees a noise level of **0 dB**, solving the problem of acoustic disturbances during night-time rest in hotel rooms or suites. With a net capacity of **31 liters** and a sober design in black color, it fits perfectly into modern HoReCa contexts, executive offices, and medical environments where silence is a fundamental operational requirement.

Flexibility is guaranteed by the **reversible door** and the double installation option, both free-standing and built-in, allowing for space optimization based on the room layout. Internal management is facilitated by adjustable aluminum shelves, LED lighting, and a practical compartment for 1.5-liter bottles. Operational efficiency is supported by the electronic thermostat and cyclic automatic defrosting, ensuring reduced maintenance for the facility staff.

## Technical features

- **Cooling technology:** Thermoelectric
- **Net internal volume:** 31 liters
- **Color:** Black
- **Door type:** Reversible
- **Installation:** Free-standing or built-in
- **External dimensions:** W 41.9 x D 39.7 x H 54 cm
- **Power supply voltage:** 100-240 V / 50-60 Hz
- **Rated power:** 58 W
- **Annual energy consumption:** 96 kWh
- **Climate class:** N (temperate zone)
- **Energy efficiency class:** F
- **Noise emission class:** A (0 dB – totally silent)
- **Insulation:** CFC-free polyurethane
- **Thermostat:** Electronic with adjustable temperature
- **Defrosting:** Cyclic automatic
- **Internal lighting:** Low-consumption LED
- **Internal equipment:** 2 adjustable aluminum shelves
- **Bottle compartment:** Integrated on the door (up to 1.5 L)
- **Included accessories:** Door sliding hinge kit for built-in installation
- **Net weight:** 12.4 kg
- **Certifications:** CE, RoHS, UKCA
