

Black ironing board h164_86

Professional compact ironing board in black with dark grey aluminized cover. Breathable mesh top 89.5x34 cm and quick-opening mechanism.

The **professional compact ironing board** is an indispensable accessory for hotels and bed & breakfasts that wish to offer their guests an efficient ironing service in a limited space. Characterized by an **elegant and minimalist design in black**, this model integrates discreetly into any room, guaranteeing robustness and optimal management of internal volumes.

The **dark grey aluminized cover**, equipped with a soft felt back, is designed to reflect the heat of the iron onto the base of the fabrics: this technology significantly reduces ironing times and prevents accidental burns. The **metal mesh top** ensures total permeability, allowing steam to pass uniformly through the fibers without creating moisture stagnation, thus protecting even the most delicate garments. Thanks to the intuitive opening mechanism (inspired by technical seating adjustment systems) and the ultra-light structure, the board is extremely easy to handle and store in small compartments or wardrobes.

Technical features

- **Structure:** Lightweight steel frame with elegant black finish
- **Ironing surface:** Mesh surface for optimal steam flow
- **Cover:** Heat-reflecting dark grey aluminized fabric
- **Padding:** High-temperature resistant felt backing
- **Mechanism:** Quick and intuitive opening and closing
- **Open dimensions:** L 895 x W 340 x H 755 mm
- **Portability:** Compact design for storage in small spaces
- **Stability:** Non-slip feet for hotel surfaces
- **Configuration:** Supplied without iron
