## Black luggage rack h464\_186

Black luggage rack with raised backrest. Dimensions: W. 62 x D. 50 x h. 65 cm.

The **h464\_186 luggage rack** is an essential furnishing accessory for hotel rooms, designed to combine robustness and surface protection. Featuring an elegant **black powder coating** finish, this luggage rack integrates harmoniously into various interior design styles, from classic to modern. The structure is equipped with a **raised backrest**, a technical solution specifically designed to prevent direct contact of the luggage with the wall, avoiding scratches or stains on the plaster. Thanks to the heavy-duty strap and the solid frame, the support guarantees stability during the opening and closing operations of luggage, solving the operational problem of orderly space management for the guest.
