

## Black tubular steel luggage rack h41424

Luggage rack without backrest, made of tubular steel with matte black finish. 3-year warranty.

The **h41424 luggage rack** is a practical and functional solution designed to optimize the welcome in hotel rooms, B&Bs, and small accommodation facilities. Made of **tubular steel with a matte black finish**, this support offers an essential design without a backrest that discreetly adapts to any furnishing context. The structure consists of **4 durable black fabric straps**, capable of supporting guest luggage in total safety. Thanks to the **sturdy hinge** system, the luggage carrier is fully foldable, solving the operational problem of limited space: once closed, it reaches a thickness of only 50 mm, allowing the hotelier to store it easily behind doors or inside wardrobes.
