

Blood collection chair h906_12

Relaxation chair with 40° reclining backrest, legrest and armrests. Maximum load capacity: 350 kg.

Blood collection chair ideal for hospitals and medical practices. The relaxation chair is equipped with a **40° reclining backrest** that acts simultaneously with the **leg support**, via a single **hydraulic piston**. The chair is equipped with **armrests extended at the rear** to prevent gaps between the backrest and the armrest when the chair is reclined, **height-adjustable** to drop below seat level to allow for unobstructed patient transfer.
