

Blue and yellow bench for kindergartens h463_14

Steel and HPL slatted bench, ideal for children. Bright colors. Dimensions: W 150 x D 41 x H 60 cm.

The **blue and yellow bench for kindergartens H463_14** is designed to create a **welcoming, safe and stimulating** space for children in school and recreational play areas. With an ergonomic design and bright colors, it is ideal for **nurseries, preschools and outdoor areas dedicated to children**, encouraging interaction and play in total safety.

This bench combines a solid **corrosion-treated steel** structure, painted with a **bright yellow RAL 1033 finish**, with a seat made of **blue slatted compact HPL**, resistant and easy to clean. The result is an outdoor furniture element with a **strong visual impact**, perfect for attracting children's attention and stimulating their curiosity.

Every detail is studied to ensure **safety: rounded corners, distances between slats** that prevent the risk of pinching, and **mandatory ground fixing** for absolute stability. The seat height is calibrated to offer **optimal comfort for children**, accompanying them in daily outdoor activities naturally.

Ideal also in combination with coordinated tables from the same line, the H463_14 bench is a perfect solution for school urban furniture projects where **durability, safety and cheerfulness** are the main requirements.

FAQ:

1. **What is the recommended age for using the bench?**
It is ideal for preschool children, from approximately 2 to 6 years old.
2. **Is the bench safe for children?**
Yes, thanks to the rounded corners, anti-pinch distances between slats and mandatory anchoring.
3. **Can it be left outside all year round?**
Absolutely yes. The materials used are resistant to rain, sun and temperature changes.

4. **Does it require maintenance?**

Only regular cleaning with a damp cloth. It does not require special treatments.

5. **Does it match other products?**

Yes, it is perfect together with the coordinated tables from the same line to create complete play areas.

Mini buying guide:

When choosing a **bench for children in a school environment**, it is fundamental to prioritize robust materials, **bright colors**, safe shapes and age-appropriate heights. A bench like the H463_14, with a **corrosion-resistant steel structure** and **slatted HPL** seat, guarantees **durability over time and ease of cleaning**. The yellow/blue color combination helps create a playful and educational environment. Furthermore, the presence of the **backrest** increases comfort, making this solution perfect even for reading corners or outdoor break times.
