

Blue RAL 5010 metal workbench h286_69

Workbench h286_69 in blue RAL 5010 steel. 43 mm wooden top covered in sheet metal, 2 drawer units (6 drawers) and 2 rag holders. Dimensions: W 300 x D 70 x H 90 cm.

The **Blue RAL 5010 metal workbench h286_69** is a monobloc workstation designed for setting up work and assembly areas in industrial environments and technical workshops. This professional furniture system solves the operational criticality related to the organization and safe storage of a high quantity of hand tools and small parts, while offering a high mechanical resistance support surface on which it is possible to mount vices and shelves. Intended for technicians, maintenance workers, and department operators, the bench features a robust angular steel structure with oven-baked powder coating in the standard color blue RAL 5010. The upper surface consists of a 43 mm thick wooden top, covered in sheet metal with 20 mm high perimeter edges on three sides, accompanied by a lower sheet metal shelf also provided with edges. The structure measures 300 cm in width, 70 cm in depth, and 90 cm in height. The storage configuration includes 2 metal drawer units Art. 708, each consisting of 3 sliding drawers on guides with nylon-covered ball bearings, equipped with a travel stop and central locking with key (for a total of 6 drawers), as well as 2 open metal rag holders.
