

Bobath couch 200x200 cm with fixed h. h725_25

Bobath couch h725_25 in steel, 200x200 cm surface and 50 cm fixed height. Ideal for neurological rehabilitation with wide maneuvering spaces.

The **h725_25** couch is a specialized solution designed for neurological rehabilitation and treatments based on the **Bobath** and **Voja** methods. Its distinctive feature is the wide **200 x 200 cm** square surface, developed to comfortably accommodate the patient and allow the simultaneous intervention of multiple operators during assisted exercises and complex therapeutic maneuvers. The fixed structure guarantees absolute stability, fundamental for safety during intense dynamic loads.
