

Bollard for urban furniture h140_508

T-shaped bollard in galvanized steel Ø 102 mm, W 50 x H 55 cm. Minimalist design and foundation fixing for urban furniture and pedestrian areas.

The **urban furniture bollard H140_508** is a technical solution designed to safely and elegantly delimit public and private spaces. Thanks to its **essential T-shape**, it resolves critical issues related to the management of vehicle flows in contexts that require a discreet aesthetic impact but high structural resistance. Made of heavy-duty **galvanized steel**, it guarantees a durable physical barrier against wear and accidental impacts.

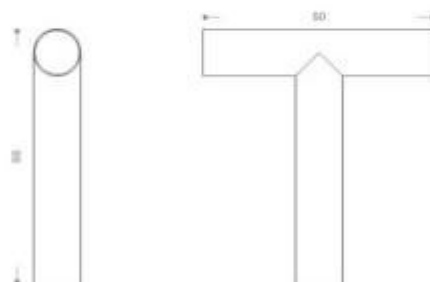

Technical features

- **Material:** Galvanized steel with Ø 102 x 4 mm tubular profile
- **Total dimensions:** W 50 x D 10 x H 55 cm
- **Structural weight:** 12 kg
- **Configuration:** Tubulars arranged in a "T" shape with galvanized steel end caps
- **Surface treatment:** Thermosetting powder coating baked in the oven at 180°C
- **Finishes:** Availability of different color variants
- **Installation method:** Direct foundation into the ground
- **Supply:** Product delivered already assembled (no additional hardware required)
- **Quality standards:** ISO 9001:2015 certification
- **Welding certifications:** UNI EN ISO 3834-3:2021
- **Production:** Made by an authorized processing center
