

## Bollard for urban furniture h28704

Traffic bollard made of galvanized steel round tube. Anchoring: to be buried. Available in different colors. Dimensions: Ø 60 x h.1280 mm.

**Simple and linear traffic bollard** ideal for delimiting areas such as historic centers, squares, and limited traffic zones. Structure made of **galvanized steel round tube** with a **sphere-shaped decorative element** at the top. The **structure is very slender** to ensure **maximum reduced footprint**. **Sturdy material suitable for outdoor use** thanks to the special painting treatments it undergoes.

### Technical features:

- Dimensions: Ø 60 x h. 1280 mm - useful height 1080 mm
- Material: Ø 60 mm galvanized steel round tube
- With decorative sphere element
- **Anchoring: to be embedded in concrete**
- Available in different colors

This bollard model is also available in the version with removable fixing (see [h287\\_166](#))
