

Bollard with ground socket for urban furniture h140_511

Removable galvanized steel bollard (Ø 114 mm, H 100 cm) with ground socket. Gunmetal finish, ideal for pedestrian areas and flexible management.

The **bollard with ground socket for urban furniture H140_511** is a structural element designed for the delimitation and protection of public spaces. Made of **galvanized steel** with a round tube with a diameter of 114 mm and a thickness of 3 mm, it offers high resistance to mechanical stress. The design is characterized by a **semi-spherical turned steel cap** and decorative horizontal slots, which allow the device to be integrated into both modern and historical architectural contexts.

The added value of this model lies in its **removability system with ground socket**, designed to allow rapid removal of the post in case of need, such as the passage of emergency or service vehicles. The **gunmetal** color finish is obtained through a cycle of advanced anti-corrosion treatments including sandblasting and oven polymerization at 180°C, ensuring superior protection against oxidation and atmospheric agents.

Technical features

- **Material:** Galvanized steel (tube Ø 114 mm, thickness 3 mm)
- **Height:** 100 cm
- **Base dimensions:** 12 x 12 cm
- **Weight:** 13 kg
- **Finish:** High resistance gunmetal
- **Aesthetic details:** Semi-spherical top cap and horizontal slots
- **Removal system:** Socket for easy extraction
- **Surface treatment:** Washing, sandblasting, anti-corrosive primer and baking at 180°C
- **Fixing:** Prepared for ground cementing
- **Certifications:** ISO 9001:2015 (Quality) and UNI EN ISO 3834-3:2021 (Welding)
- **Included in the kit:** Steel screws and assembly instructions

INFORMATION

- **Material** acciaio
- **reflective band** no
- **Diameter** 120.000000
- **fixing** da inghisare
- **Typology** Senza anelli
- **Height in millimetres** 1000.000000

Bollard with ground socket for urban furniture h140_511

Bollard with ground socket for urban furniture h140_511

Material: acciaio

Reflective band: no

Diameter: 575 mm

Fixing: da inghisare

Typology: Senza anelli

Height in millimeters: 399 mm
