

Book-style license display stand h738_09

Book-style display with 5 snap frames 70x100 cm in anodized aluminum, ideal for multiple wall consultation in professional spaces.

The **book-style license display stand** represents a professional and robust solution for the organization of large-format informative materials, such as catalogs, brochures, and licenses. Designed to maximize visibility in tight spaces, the system allows for **dynamic consultation** thanks to the book-style opening of its components. The structure is entirely made of **anodized aluminum**, a material that guarantees lightness and high resistance to oxidation and daily wear.
